

# Life in NEW YORK

“Attending a UTP High School in New York has helped me to learn the lifestyle of many different cultures and has pushed me to improve my English-speaking skills. It has been a great experience, and I feel fortunate to have made friends from all over the world! Also, my host family treated me like their own child and made me feel like I was part of their home.”

From Long Island to Manhattan, and everything in between,  
come discover New York!

Long Island is a suburban area located to the East of New York City. It's just a 1-hour train ride to the heart of Manhattan! In these residential suburbs, you will truly experience American home life. Long Island is known for its friendly neighborhoods, shopping malls and beautiful beaches. There are also many public parks that offer outdoor activities such as bike trails, soccer fields, and tennis courts. With everything at your fingertips, you'll love your comfortable life on Long Island!

New York City is one of the most exciting cities in the world and students never miss a chance to visit the 'Big Apple.' The Statue of Liberty, Times Square, Central Park, Brooklyn Bridge, and Chinatown are just a few of our students' favorite spots to visit. With so much to see and do, many of our students say visits to the city are some of their most memorable moments in the USA. Whether you go with a group of friends, see the tourist sites, or explore the different food and cultures, you're sure to leave satisfied with the New York City experience!

# SAINT ANTHONY'S HIGH SCHOOL | UTP

## Saint Anthony's High School inspires individual greatness!

Your high school experience will be grounded in the classroom, so we attract students who value excellent teachers and achieving top grades. As part of the Saint Anthony's community, you will have the freedom to explore your own passions and the responsibility to shape your values for the future. We will inspire you to be your best self both while attending high school and beyond.

“ What I learned from this experience is how to be ready for anything that comes my way! I hope to complete my high school in Italy and then attend university studying Physics or Law. Eventually, I'd love to come back to the USA to complete my degree. My time at Saint Anthony's has been such a positive and rewarding experience! ”
