Do keep in mind that an application for campus housing is separate from an application to a TRU program.

Homestay — Living with a Canadian Family

Our homestay program allows students to live with Canadian families, be exposed to, and participate in Canadian culture and customs.

TRU has a well-established network of experienced host families. TRU staff have personally inspected each home and have interviewed the family to ensure quality homestays.

TRU has offered this program for over twelve years.

We place only one international student with each homestay family. The family provides a private, furnished bedroom and three meals each day, plus snacks.

Students can usually expect to travel about 20-30 minutes between their homestay and the TRU campus.
